

Clarity driven, **care focused**

MIMRYLO (rusfertide) Patient Support can provide information on **coverage, financial assistance, and support through educational resources** throughout your treatment journey.

We are Here2Assist you by providing:

ACCESS SUPPORT

- Working with your insurance company to help you get started on MIMRYLO
- Helping to fill and ship your prescriptions through a network of specialty pharmacies*

NURSING SUPPORT

- Providing one-on-one nurse-led self-injection trainings where you can receive expert guidance and support from one of our Nurse Navigators

FINANCIAL ASSISTANCE

- Identifying available financial assistance that may be right for you

HELPFUL RESOURCES

- Conducting regular follow-ups for support along the way
- Sending you status updates and reminders via text message†
- Connecting you to additional support services and resources

*A specialty pharmacy manages medications for complex conditions that require specialized handling, storage, or administration.

†Patients will need to enroll in the texting program to receive text messages.
